

# Some might say these chickens get the best...

# of everything.

## Why do Happy Goat Farm chickens taste so good?

- They are living the good life – with plenty of fresh air, plenty of fresh green grass, and plenty of sunshine
- Our organically raised chickens eat 100% certified organic feed and forage for fresh clover, green shoots and insects
- Every day they start fresh on a new patch of grass that is free from herbicides and pesticides
- Our birds are SPCA-certified which means we adhere to SPCA farm animal wellness standards

We also offer organic eggs, ducks and Thanksgiving turkeys

**Organically raised chickens are \$12.50/kg**
