HOW IT WORKS

No limits on your creativity

TapSnap is one of those extraordinary touches that make your special event even more special. Event planners know it's the little things that count. Memories. Laughter. Fun.

We've done away with the traditional photo booth and reinvented it for the digital era. That means no walls. No ceilings. No limits on your creativity. TapSnap comes at the perfect time to leverage the latest advances in touchscreen technology and the incredible popularity of social media and digital photo sharing. Your guests can take high-quality photos and make them their own, adding doodles and personal messages with the touch of a fingertip. Then they can share their creations via social networks. It's brandable with your corporate logo. Best of all, your TapSnap personal attendant will be on hand to take care of the details so you can relax and enjoy your event.
